

There's this feeling, I been chasing / I've
got leads on, its location / It changes form
every time I face it / Only appreciated
when it's gone / Taken for granted like it's
etched in stone / But liberty ain't strong,
any wrong could break it / Placed in my
arms, my control in cages / 'Tween a rock
and hard place and they say move on /
That's what I'm trying to do, a miracle to
perform / But you can't make that without

an eyebrow raising / People want your
magic for their own ovation / When
you're in full bloom, that's when the
beehive swarms / And the time I've wasted
trying to fit in norms / People like me
more when I pretend I'm basic / But what
do I want, I practiced patience / And right
then and there it dawned / I just want to be
happy / I just want to be free / I just want to
be left alone / I just want to be me / What

in the world are you looking for / Can't a
young man get money on tour / Live in
Brooklyn, buildings pre-war / With a
name that don't make you think of C-4 /
High ceiling apartments / No ceiling on
my living, I ain't giving up options / Love
without a limit is the mission
accomplished / Don't expect to get it
without wetting of armpits / I seat these
pores / In this American scheme, a picket

sign to a fence / They want to kick me out
the country as a line of defense / - See me,
I'm from the country and I'm proud of
my ends / And even though you try to shun
me, you ain't shrouding intent / I'm just a
man with a vision in a tunnel of hitmen /
Trying to shoot the lightbulbs because they
thought I was twitching / Got a few ideas,
wrote 'em down in a list / Let me say 'em
now before I forget / I just want to be

happy / I just want to be free / I just want to
be left alone / I just want to be me / I don't
believe in a promise / Unless it's one I
made myself / 'Cause there's no denying
the fact, if I'm the only accomplice / And
rarely have I courted for help / I ain't
trying to be monstrous / I just want month's
rent / A little something extra, I ain't
hoarding the wealth / 'Cause 99% of us is
trying to get success that 99% of us was

already dealt / No trophy on the mantle
but I got a mantle / Mama couldn't pay
the power, I would grab the candles / I'm
just thankful I can channel that to block a
tangle / Steering straight and I don't
hesitate to park an angle / I'm just trying to
turn a smirk to a smile / Restrict into
allow / All while keeping my distance from
the crowd / And that may change along the
road I pave / But today right here and

*now / I just want to be happy / I just want to
be free / I just want to be left alone / I just
want to be me*
